

# Your voice **matters** know your voting rights

**Are you in college and living away from home?  
You can still vote. Here's how.**

## Voting while attending school

You can vote in your home county or state during Early Voting or on Election Day. If you can't make it home during those times, you may send an application for an absentee ballot to your county clerk. It must be received by Nov. 2.

## Registering in West Virginia

Students with scholarships that have residency requirements should check with a financial aid advisor before registering in a state other than the one listed on their FAFSA, scholarship or grant documents.

It's your future. *Vote*

If you have further questions about voting, call the West Virginia Secretary of State's Office at 304-558-6000 or visit [www.govotewv.com](http://www.govotewv.com)
